THE NEW CAPITOL

At Frankfort Rapidly Nearing Completion—Some Facts About Its Construction

The following facts and figures regarding the new State Capitol Building at Frankfort are quite interesting.

Ground was broken for the work on May 30th, 1905, and when it is formally turned over to the Legislature it will have been erected in about three years.

The entire cost of the building will be \$1,198,694, and the architect's fee \$51,396.

However, the money which goes to the architect is not to be paid until the building is completed.

The building itself is 402 feet 10 inches long and 180 feet wide. Its height at the

Suggestion to Remove the Mud and Put Down Brick There

While the brick street improvement is in abeyance awaiting a construction of Court in regard to certain matters pertaining thereto, there is a sentiment prevailing among members of Council of the propriety of completing that part of Market intersecting Second and Third streets.

The work could be conducted in a manner that would in nowise jeopardize or commit the city in points now at variance and before the Court for adjudication.

It is a connecting link that of necessity should be completed without further delay. Aside from being a permanent improvement, it will be the means of giving employment to a laboring class which has been idle the greater part of the winter and early in need of work. YANKED

Are Four Bracken
County Night
Riders.

Robert Staton, Who Was
Outraged By Gang of
Marauders, Takes
Summary
Action.

Uncle Sam is at Last Called
Upon to Settle the
Outlawry.

If the course pursued by Robert Staton, the Brooksville tobacco buyer who was whipped and 20,000 pounds of his tobacco burned at Brooksville a few days ago, is followed by other men who have fallen victims of the night rider outlaws in Kentucky, the whole felonious practice will soon end and the daring criminals imprisoned or hanged.

Tuesday in the United States Court at Covington Staton filed suit through Attorneys Myers and Howard against Elbert Ronte, Benjamin McCracken, Hillman Hamilton and John Flannery, all residents of Bracken county, who he accused of fomenting the raid against his warehouse.

Staton asks for \$50,000 damages.

In the bill of complaint Staton alleges that on the night of March 9th, Ronte, McCracken, Hamilton and Flannery, with about 150 others, armed, surrounded his home, ordered him out at the point of a gun and compelled him to accompany them to his warehouse situated nearby. There, he claims, the mob tore out the side of the warehouse, dragged the tobacco into the road, poured kerosene on it, and set fire to it. After burning the tobacco, Staton alleges, the mob formed a circle around him, and beat him cruelly with a rawhide whip. Staton claims that he applied to the State officials for protection and when it was not forthcoming was compelled to leave the State and take up his residence in Ohio.

Staton claims that the County Attorney at Brooksville had a quantity of tobacco stored in the same building, but that the night riders left it unmolested.

Similar suits against other parties are expected to be filed and Staton is also reported to have said that he would bring the matter to the attention of United States District Attorney J. H. Tinsley and Federal Marshal S. G. Sharp.

The four defendants were summoned yesterday by the United States Marshal, who went to Brooksville for that purpose.

Governor Willson Approves Many of the Important Measures Passed By General Assembly

FRANKFORT, Ky., March 18th.—Ninety-two bills were passed by the 1908 session of the Kentucky General Assembly, which formally adjourned at half past three o'clock this morning. The members of the House made a futile effort to make it ninety-three, endeavoring to pass the Cureton Libel bill, for which the Kentucky Press Association had worked so hard. Representative F. M. Hutcheson of Henderson, who was in the chair, tried to get a quorum together, but without success. Representative Klair of Lexington got up out of bed and came back to the legislative hall to help the newspapers, but it did no good. The Senate had already adjourned.

GOVERNOR SIGNS BILLS.

Twelve of the bills passed by both Houses had been signed and made laws by Governor Willson, and shortly after noon today he signed the thirteenth. It was the Wilhelm Anti-Pool-Room bill, favored by the thoroughbred breed-

ing and racing interests, and which, it is believed, will go a long way to conserve "the sport of kings" in this Commonwealth.

The aggregate amount of the appropriations provided for, including the half million dollar act for the benefit of State University and the two State Normal Schools, and the \$476,000 for the completion of the new Capitol, is \$1,441,260.

Recent Growsome Experience of a Chicago Man Is Sample of a Series of Such Cases

During L. T. Cooper's recent visit to Chicago, where his new preparation and theory created the usual sensation, many hundreds of people brought enormous internal parasites to the young man, which had left the system after taking his medicine.

Among these people was Mr. Emil Winkler, who brought to Cooper a tapeworm that proved to be over ninety feet in length. Mr. Winkler, who resides at 182 East Ohio Street, Chicago, had this to say of his experience: "For five years I have been more or less complaining. I have had severe headaches, and any food that I would eat would nauseate me. I would have had dreams almost every night; dizzy spells would compel me to quit work. Black spots would appear before my eyes when stooping over and rising quickly. I would feel tired most of the time; in fact, I had no life in me to speak of for the last five years. I tried various treatments, and one

physician in St. Louis was recommended to me, and I was under his treatment some time, but as usual I obtained no relief.

"So many people asked me to try Cooper's preparation that I decided to do so, and after using it for a few days, this awful thing passed from my system. I feel much better already, and I want to say right here that I thank Mr. Cooper a hundred times for what his medicine has done for me. I would not take \$5,000 and have that thing back in my system again."

Mr. Winkler is a fair sample of the experience of many during Cooper's stay in Chicago, and this no doubt helped to account for the enormous sale of the Cooper preparation in this city and others, recently visited by the young man.

We sell and will be pleased to explain the Cooper preparations. —T. J. Chenoweth.

HOME BURNED

In Shelby County By Night Riders—Held Farmer While Building Was Fired

The home of Henry Ellis, a tobacco farmer in Shelby county, was burned Tuesday night by a small party of masked night riders.

Ellis was called to his door shortly after midnight and asked whether he had sold any of his pooled tobacco.

He replied that he had and the intruders notified him that they would teach him a lesson. They quickly seized him and set fire to his home.

The servants managed to escape.

When the fire was fairly started the marauders rode away and Ellis saved a portion of his furniture.

THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY

Not only sells the BEST and BROADEST contract, but returns LARGER dividends and therefore insures at a LOWEST cost. The new 1908 policy of THE NORTHWESTERN is a marvel of completeness. It covers as many of life's contingencies, probable or possible, as can be met by money. It is like a will, except that it provides the estate that it distributes. It contains large Loan and Cash values. It provides Automatic Payout or Extended Insurance, and for Reinstatement at any time within FIVE YEARS after lapse.

NO OTHER company offers as many or as varied OPTIONS of Settlement, under ANY or ALL of its policies combined, as THE NORTHWESTERN offers under its ONE policy.

MEN....

GO IT BLINDLY IN
BUYING CLOTHES

When ready-made clothes are properly made, the custom tailors are no better. When they are indifferently made, they are an abomination. We don't blame some people for their prejudice. The trouble with the average man is that he buys hurriedly and blindly. He doesn't find out where the goods are sold. For instance, our experience has taught us that there are in America not over five manufacturers whose product is worthy of a high place in your estimation. These are the ones we handle. Their products are so evenly balanced that no matter which line you select, you can't get anything but good merchandise—the best that America affords. This is a form of protection that inspires confidence in you and cannot fail to benefit us both.

Residents of Maysville Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville who so testified years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville kidney sufferers.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says: "Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonial given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's Drugstore, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband."
